WHO WE SERVE

We provide quality services and advocacy to all Latino children, youth, families and individuals.

CITY/COMMUNITY

Located in the City of Wilmington’s Hilltop neighborhood, the LACC is dedicated to serving the Hispanic community in Wilmington and New Castle County.

COMMUNITY DEVELOPMENT & ECONOMIC EMPOWERMENT SERVICES

Lifelong Learning

• Provide high-impact academic, behavioral and social enrichment programming that offers the necessary tools to help achieve social, academic and career success for children, youth and adults
• English classes, citizenship classes, project-based learning, language immersion, etc.

Life Empowerment

• Empower families to build assets and attain self-sufficiency through workforce development, financial literacy and family immigration services
• Los Abuelos (Seniors Program), $tand By Me (Financial Empowerment), etc.

LATIN AMERICAN COMMUNITY CENTER & THE RACIAL WEALTH DIVIDE

Latin American Community Center is the premier provider of asset development services, programs and resources for the Latino Community in Wilmington, Delaware. LACC focuses on English language development, youth enrichment, health, wellness, civic engagement and advocacy.

STRATEGY 1

Maximize program effectiveness to ensure excellence

STRATEGY 2

Advocate for social justice and safe environments where Latinos can thrive economically and socially

STRATEGY 3

Have a world-class organization that maximizes performance towards its mission

STRATEGY 4

Ensure long-term sustainability through mission-based funding and resource management

ORGANIZATIONAL IMPACT

On an annual basis, LACC provides:

• Five-star early childhood, dual-language, project-based learning to 175 children
• Four-star, year-round youth enrichment and development programs to 619 youth
• Case management, food distribution, workforce development, a breastfeeding support group, victim advocacy, domestic violence prevention and senior outreach to 3,254 families
• Financial literacy, health and wellness promotion, drug and alcohol prevention, and HIV testing and counseling to 1,244 families
